1. Our prices are based on the raw product weight prior to processing.
2. We do require a \$25 deposit due at drop-off. This will be deducted
3. We understand the desire to keep your product separate. We will offer to keep your product separate for a premium fee of \$25 per individual item. To request this option, we do require that you supply 20 pounds of product for each individual product. Product not requested separate, or meeting minimum weight requirements, may be co-mingled with other customers.
4. Treating your venison with care will yield a high-quality product. Please DO NOT use garbage bags, as these are not intended for food use, and may contain chemicals that can damage the quality of your product. We do have food grade bags available for purchase.

We reserve the right to reject any product that we deem unclean or unsafe for production and your consumption. We will contact you for any return or disposal concerns.
